*Welcome* to our Thanksgiving Day worship service. Our aim is to offer the gratitude we owe God for all his blessings to us. Giving thanks with one another helps us remember and see afresh God's goodness. As we worship God today, may we give others reason to give thanks to God with us!

We also celebrate Thanksgiving Day with a feast. As we gather with loved ones today, take the opportunity to give thanks for each other and with each other. We are serving a meal at church and welcome anyone who does not already have plans to join us. If you would like to eat with us, stay around after our service and more instructions will be given in the fellowship hall.
